

ATHLETIC COUNSELING CERTIFICATE REQUIREMENTS

The Athletic Counseling graduate certificate is designed for students pursuing the Association for Applied Sport Psychology's (AASP) Certified Mental Performance Consultant (CMPC) credential. The eight required knowledge areas for certification are covered within the coursework and students have the opportunity to earn mentored experience hours during their practicum or internship. To review complete certification requirements, refer to the AASP CMPC handbook.

The minimum requirements for admission to the Athletic Counseling Certificate are:

1. Currently Enrolled in a Master's Degree Program or a previously completed Master's Degree in a related field from an accredited college/university.
2. Completion of one, three unit, undergraduate or graduate General Psychology or Lifespan course.

Official transcripts confirming degree conferral and prerequisite coursework are required.

Code	Title	Units
Certificate Requirements ^{1,2}		
COUNSED 718	PRINCIPLES OF COUNSELING	3
COUNSED 728	MENTAL HEALTH DIAGNOSIS IN COUNSELING	3
