

# APPLIED BEHAVIOR ANALYSIS CERTIFICATE REQUIREMENTS

---

The Applied Behavior Analysis (ABA) certificate program prepares students to become Board Certified Behavior Analysts (BCBA) and is a Verified Course Sequence through the Behavior Analyst Certification Board. The program is 21 graduate credits offered fully online. All credits in the certificate can count toward a MSE in special education through the University of Wisconsin-Whitewater, if students are interested. Students must maintain a grade of C or better in all courses.

Following is the list of required courses:
